A Resolution
To Provide Meals to Students during Breaks

Whereas, during the 2004-2005 academic year, the College provided select meals to select students during breaks; and

Whereas, at a meeting during Short Term 2005, Dean of Students Tedd Goundie reported to the Representative Assembly the grave cost to the Office of the Dean of Students to provide meals to students during breaks; and

Whereas, beginning the 2005-2006 academic year, the only break during which meals are provided to students (aside from athletes) is during October Recess; and

Whereas, many students, especially those living outside New England, and most especially those living outside the United States, remain on campus during many breaks; and

Whereas, providing meals to students during breaks had been used as an incentive to attract some students to attend Bates because Bates was one of the few schools that would provide meals to some students during breaks; now therefore, be it

Resolved,
That the Office of the Dean of Students strongly reconsiders allowing some select students to have meals provided to them by the College during breaks.

That the Office of the Dean of Students, the Office of the Vice President for Academic Affairs and Dean of the Faculty, and the Department of Physical Education and Athletics, provide information to the Representative Assembly on the rationale for providing some students meals during some breaks and not other students.

That the Food Advisory Committee and the International Club be provided a copy of this resolution upon its passage.

Respectfully Submitted,
Razin Mustafiz ’09
Representative, Adams Hall

Maddie White ’09
