BATES COLLEGE
CROSS-LISTING AND LISTING REQUEST FORM
Submit to the Registrar and Student Financial Services office, Libbey Forum.

Use this form to request the following:
• Listing in the Catalog, in one department/program, a course/unit with a subject heading from another department/program.
• Cross-Listing a course/unit so that it has a dual subject code and appears in the Catalog under two departments/programs.
• Listing in the Catalog, under the Interdisciplinary Studies section, a course/unit (normally those that cross 3 or more subject areas).

I. Listing

Courses and units may be listed in the Catalog as fulfilling major requirements in another subject without cross-listing. The listing includes the title but does not include a full course/unit description. While programs have utilized such lists for some time, departments may now do so as well. (Full descriptions are viewed under the subject department/program.)

I request that:     Subject:      Number:     
                        (if new, to be assigned by Registrar)
                        Title:

Signature of Instructor(s): ___________________________ Signature of Chair: ___________________________

be listed with:

Department/Program: ___________ Signature of Chair: ___________________________

Explanation:
_____________________________________________________
_____________________________________________________
_____________________________________________________

II. Cross-Listing

Courses/units may be cross-listed in two departments/programs with a dual subject code that reflects both subjects. For example, a course cross-listed in History and American Cultural Studies will appear as ACHI in the Catalog with a full description in both departments/programs. (If the cross-listing is for a new course/unit, please attach to your course/unit proposal form.)

(Note: courses and units may not be cross-listed with each other.)

I request that:     Subject:      Number:     
                        (if new, to be assigned by Registrar)
                        Title:

Signature of Instructor(s): ___________________________ Signature of Chair: ___________________________

be cross-listed with:

Department/Program: ___________ Signature of Chair: ___________________________

(subject & number if existing course)

Explanation:
_____________________________________________________
_____________________________________________________
_____________________________________________________

See the reverse of this form for cross-listings involving three or more departments/programs.
III. Interdisciplinary Courses/Units

The IN subject code will be assigned to courses/units cross-listed in three or more departments/programs or that are defined as interdisciplinary. They will appear with the full course/unit description in Catalog under Interdisciplinary Studies. In addition, the course subject, number and title only will appear in a list under all departments/programs for which it fulfills a major requirement.

I request that: Subject: _________________ Number: _________________

Title: ________________________________________________________________________________________

(if new, to be assigned by Registrar)

Signature of Instructor(s): _________________________________________________________________________

Signature of Chair: _____________________________________________________________________________

be cross-listed with:

Department/Program 1: ____________________________ Signature of Chair: _____________________________

(Subject & number if existing course)

Department/Program 2: ____________________________ Signature of Chair: _____________________________

(Subject & number if existing course)

Explanation: ____________________________________________________________________________________

______________________________________________________________________________________________

______________________________________________________________________________________________

______________________________________________________________________________________________

(If the cross-listing is for a new course/unit, please attach to your course/unit proposal form.)
